INTRODUCTION / MISSION STATEMENT

I. INTRODUCTION/MISSION STATEMENT

Welcome to Team Merriam! We are excited that you have chosen to be a part of a team that provides a family-fun filled facility and hope you will enjoy the challenges that accompany being part of the team that keeps Merriam functioning smoothly and effectively. The Aquatic Center is an enjoyable place to work, but our first concern is to build a tradition of service to those who use our aquatic center.

In order for our Aquatic Center to function properly, it must be operated with the highest degree of safety and efficiency. Our citizens will look to you to provide excellent customer service in a professional manner, while still maintaining an enjoyable atmosphere for them to swim and play.

This manual is provided so that you may better perform the duties and responsibilities you have accepted. The manual cannot and does not provide all the answers to problems you may encounter. It does outline the general policies under which you will be expected to function, but there is no substitute for the use of good judgment and diplomacy in handling many situations. Your management staff will always be available to assist you when you have questions or need support. Situations or concerns are best solved when they are discussed openly and before they become problems.

Let's all make this a great summer by working together!

Merriam Aquatic Center Customer Service Standards

As a Merriam Aquatic Center staff member, you will be responsible for providing and maintaining excellent customer service standards. The aquatic center is an enjoyable place to work, but your first concern should be to build a fine tradition of service to those who use the facility.

In order for the aquatic center to function properly, it must be operated with the highest degree of safety and efficiency. Customers will look to you to provide excellent customer service in a professional manner, while still maintaining an enjoyable atmosphere for them to swim and play.

Understanding Customers

Customer want:

1. To feel welcome
2. To be heard
3. To be comforted
4. To feel important

Why Customers Complain

1. They feel confused and overwhelmed
2. They feel ignored
3. They feel they have to defend themselves
4. They feel they have been treated poorly in the past
5. They have waited too long for service

The Truth about Customer Service

1. It costs six times more to attract a new customer than it does to keep an old one
2. Customer loyalty is, in most cases, worth ten times the price of a single admission
3. A typical business hears from only 4% of its' dissatisfied customers, the other 96% just quietly go away and 91% will never come back.
4. 13% of the people who have a problem will tell 20 others
5. Seven out of ten complaining customers will do business with you again if you resolve the complaint in their favor
6. On average, a satisfied complainer will tell five people about the problem and how it was satisfactorily resolved
7. Of those customers who quit using your business, 68% do so because of an attitude of indifference by the company or a specific individual
8. Customers form 10 impressions of you in the first 5 seconds

What You can do to Meet the Needs of Customers

1. Answer the phone by the 3rd ring
2. Smile and make eye contact
3. Welcome them as they arrive, thank them for coming as they leave
4. Look professional (wear your uniform)
5. Familiarize yourself with pool policies and information, answer questions without referring them to a supervisor

Tips for Calming Upset Customers

1. Listen, make eye contact, and acknowledge that you are listening. Ask questions and repeat key words
2. Move to a more private area
3. Don't interrupt (count 2 seconds after you think they are done speaking)
4. Remember their name and use it
5. Repeat back what you heard "so, what I am hearing you say is..."
6. Always respond with "we" instead of "I"
7. Resolve the situation quickly, involve a supervisor if necessary

PERSONNEL POLICIES

City of Merriam Employee Handbook

Chapter Title: General Information

Chapter Number: 1

Section Title: Employment-At-Will

Section Number: 1.03

Effective Date: January 1, 2005

Revision Date: June 2016

While we hope to have a long and profitable relationship with you, your employment with the City is voluntary.

All employees that do not have written contracts for specific terms that are approved and executed by the employee and by the Mayor on behalf of the City Council are considered at will employees. "At will" means employment is voluntary and may be terminated by you or the City of Merriam with or without cause, with or without notice, and with or without prior consultation or agreement, at any time.

Nothing in the handbook, or any other personnel document, including benefit statements, creates or is intended to create a promise or representation that employment will continue for a set period of time for any employee, or that employment will be terminated only under particular circumstances.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: General Information

Chapter Number: 1

Section Title: Harassment

Section Number: 1.06

Effective Date: January 1, 2005

Revision Date: June 2016

The City is committed to maintaining a work environment that is free of all harassment. The City does not condone any language or action that would cause its employees to feel unequal, inferior, bullied, or harassed. This conduct is prohibited in any form at the workplace, at work-related functions or outside of work if it affects the workplace. This policy applies to all employees, clients, customers, guests, vendors and persons doing business with the City.

Any employee who engages in harassment; who permits employees under his/her supervision to engage in harassment; or who retaliates or permits retaliation against an employee who reports such harassment is guilty of misconduct and will face strict discipline up to and including termination.

Harassment

Harassment consists of unwelcome conduct, whether verbal, physical or visual and is usually based upon one's age; race; religion; color; sex, sexual orientation; national origin and/or ancestry; gender; disability; military/veteran status, genetic information or any other legally protected group status. The conduct prohibited by this policy includes, but is not limited to, inappropriate comments (epithets, slurs, stereotyping), intimidating or humiliating words or actions, violent or rude conduct, loud and abusive language, cursing or other offensive language, or written or graphic material circulated within or posted in the workplace. Additionally, any physical act of aggression such as hitting, pushing, shoving or threats of physical aggression are strictly prohibited.

Appropriate performance reviews, counseling, or discipline by your manager does not constitute harassment.

Sexual Harassment

The City will not tolerate sexual harassment by any of its employees, elected officials, customers, vendors, volunteers or any other person(s) who interacts in the workplace with our employees. Sexual harassment includes, but is not limited to, making unwelcome sexual advances, requests for sexual favors, any verbal, visual or physical conduct of a sexual nature, or making submission to such conduct, as a basis for employment decisions, or a condition of employment.

Any person who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment, discrimination or retaliation, is encouraged to promptly utilize the complaint and resolution procedure set forth in policy 1.07.

Supervisors and managers receiving information regarding alleged violations of this policy shall forward such information to the Human Resources Manager, Assistant City Administrator, or City Administrator.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: General Information
Chapter Number: 1
Section Title: Procedure for Filing Harassment/Discrimination Complaint
Section Number: 1.07 **Effective Date:** August 2016

Employees who believe they are the subject of discrimination or harassment prohibited by Policy 1.05 or Policy 1.06 should take the following steps:

Complaint

The employee should feel free to discuss the issue directly with the party participating in or allowing the conduct to occur. If the employee does not feel comfortable with such discussion, or the discussion does not produce an acceptable result, a complaint describing the nature of the situation should be communicated to the supervisor or Department Head within 30 days of the alleged harassment, unless good cause is shown for the delay. The supervisor receiving the complaint should immediately inform the Human Resources Manager. If the employee's supervisor or Department Head is the source or a party to the harassment, the complaint should be filed directly with the Human Resources Manager within 30 days of the alleged harassment, unless good cause is shown for the delay.

Timeliness

All complaints will be investigated in a timely manner so that any ongoing conduct can be immediately halted and immediate discipline taken, if warranted.

Confidentiality

Details of any complaint will be confidential and only shared to the extent necessary to fully investigate the complaint or if such information is compelled to be disclosed by law.

Non-Retaliation

Employees are assured that retaliation due to such complaints is strictly prohibited and if such retaliation occurs, then discipline up to and including termination will also occur.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Health and Safety

Chapter Number: 2

Section Title: Drugs and Alcohol

Section Number: 2.01

Effective Date: January 1, 2005

Revision Date: June 2016

The City has implemented a Drug-Free Workplace policy and program. This includes the prohibition of possession or distribution of any controlled substance or alcoholic beverage at work, or while in a position representing City business during working hours. Unauthorized violations may result in disciplinary action, up to and including termination.

It is also a violation of policy for an employee to illegally use prescription drugs or to report to work under the influence of illegal controlled substances and/or alcohol.

The Drug-Free Workplace policy is distributed during new employee orientation, and again when any changes in the policy take place. The policy outlines the disciplinary action taken when employees violate the City's standards. The City's program provides information about the risks of illegal drug use and alcohol use in the workplace, as well as information about counseling and treatment.

Testing for City employees includes post-offer testing, post-accident testing, and reasonable suspicion. Those employees whose position requires a commercial driver's license (CDL) may also be subject to random alcohol and drug testing.

Any employee who refuses to take a drug or alcohol test under this policy, or who tampers with or attempts to tamper with such a test, will be subject to disciplinary action, up to and including termination.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Health and Safety

Chapter Number: 2

Section Title: On-the-Job Injuries

Section Number: 2.02

Effective Date: January 1, 2005

Revision Date: June 2016

The City requires employees to conduct job tasks safely to protect themselves and others at work. Every accident, near-miss, or injury, regardless of severity, must be reported to a supervisor immediately or as soon as is practicable. The supervisor or department head will file the appropriate workers' compensation reports as required.

In the case of a serious injury requiring medical attention, employees should seek the nearest medical facility. In other cases, the injured employee should seek medical attention using the City's preferred workers' compensation health provider. Upon return to work, a physician's statement of medical condition and release to return to work must be submitted to the Human Resources Manager. The City provides workers' compensation insurance at no cost to employees. If the injury or accident results in lost time, payment of lost wages is governed by state law.

If a workplace injury requires long-term medical attention, the injured employee will work with the supervisor and the Human Resources Manager to determine a return-to-work date, explore temporary restricted duty job opportunities, and eligibility for continuing employment. Temporary restricted duty job assignments need not be confined to the employee's current department or pay rate to which the employee is assigned at the time of injury. Absences due to work related injuries or illnesses may be counted as leave under FMLA.

If you see any potential hazards that need attention, notify your supervisor, department safety representative, or Human Resources immediately.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Health and Safety
Chapter Number: 2
Section Title: Equipment and Property
Section Number: 2.03

Effective Date: January 1, 2005
Revision Date: June 2016

Employees are provided adequate tools, equipment, and vehicles to perform their job. It is the responsibility of employees to use them safely and to cooperate in the care and maintenance of equipment owned by the City. Such tools and equipment are not to be removed from City property or taken home without prior authorization from the Department Head. Employees operating a City vehicle are required to have a current driver's license. When using a personal vehicle for conducting City business, employees may be required to provide proof of personal automobile liability coverage.

Any accident involving a City vehicle or personal vehicle while conducting City business must be reported immediately to the appropriate law enforcement agency and to the employee's supervisor. In addition, the employee is required to notify his/her Department Head immediately regarding any traffic violation that may impair their ability to operate a vehicle for City purposes. Failure to do so may result in disciplinary action. Employees who are involved in an accident involving a City vehicle may be subject to a post-accident drug/alcohol test.

Employees driving a city vehicle or utilizing their own vehicle for City business are reminded of the following:

- Seat belts must be worn at all times
- Texting while driving is not allowed under any circumstances
- There is no smoking allowed in a City vehicle

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Health and Safety

Chapter Number: 2

Section Title: Tobacco Free Environment

Section Number: 2.04

Effective Date: January 1, 2005

Revision Date: June 2016

The City of Merriam is committed to providing a safe and healthy work place. Smoking, smokeless tobacco, use of e-cigarettes/pipes and other tobacco and nicotine products is not permitted at any time inside city facilities or vehicles. (Nicotine patches are permitted.)

Smoking areas are designated for each facility and receptacles should be used for depositing cigarettes. Employees who smoke or use smokeless tobacco products must observe the same guidelines as non-smokers for the frequency and length of break periods.

Those employees who smoke and would like to take this opportunity to quit are invited to call the free Kansas Tobacco Quitline (1-800-QUIT-NOW) for telephone cessation counseling and support. Additional smoking cessation support is available through the St. Luke's Employee Assistance Program, 1-800-EAP-1223.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Conditions of Employment

Chapter Number: 3

Section Title: Outside Employment

Section Number: 3.06

Effective Date: January 5, 2005

Revision Date: June 2016

Unless specified in a separate agreement, employees may hold outside jobs as long as they meet the performance standards of their job with the City of Merriam. All employees will be judged by the same performance standards and will be subject to the City's scheduling demands, regardless of any existing outside work requirements.

If the City determines that an employee's outside work interferes with the performance or the ability to meet the requirements of the City as they are modified from time to time, the employee may be asked to terminate the outside employment if s/he wishes to remain with the City.

Outside employment that constitutes a conflict of interest as described in Section 1.08 is prohibited. Employees may not receive any income or material gain from individuals outside the City for materials produced or services rendered while performing their jobs for the City.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Compensation Policies

Chapter Number: 5

Section Title: Payroll Process and Practices

Effective Date: January 1, 2005

Section Number: 5.02

Revision Date: June 2016

Pay Schedule

Employees are paid bi-weekly on alternate Fridays. If the regularly scheduled payday falls on a city designated holiday, paychecks will be issued the day immediately preceding the holiday. Employees will have their payroll checks direct deposited to the financial institution(s) of their choice, or a payroll bank card will be issued.

Payroll Deductions

No payroll deduction will be made from an employee paycheck unless authorized by the employee or required by law. Employees are required to report changes in family status, address, or other information that could affect the amount of deductions withheld. These include Social Security and income taxes, retirement system contributions, court-ordered child support and any other deductions required by law. Additionally, deductions may be authorized for employee contributions to health, vision and dental insurance, supplemental insurance, deferred compensation plans requested by the employee, and others as may be approved by the City Administrator and allowed by payroll system and relevant laws.

Reporting Hours Worked

It is the responsibility of each employee to maintain his/her hours of work through the time and attendance system provided by the city. The time and attendance system will keep a record of hours worked and ensure the accuracy of paychecks. Nonexempt employees are required to accurately record their hours worked by clocking in/out each shift. All employees (exempt and nonexempt) will utilize the time and attendance system to request leave time including vacation, sick and personal. At the end of the reporting period, the supervisor will approve the time entered, including any leave requests, and verify accuracy. If an employee experiences any problems with the time and attendance system, or payroll discrepancies, they are to speak to their immediate supervisor.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

City of Merriam Employee Handbook

Chapter Title: Employee Discipline

Chapter Number: 10

Section Title: General Provisions

Section Number: 10.01

Effective Date: January 1, 2005

Revision Date: June 2016

Employees of the City of Merriam are expected to conduct themselves in a professional and law-abiding manner and observe and obey lawful orders and directives received in the course of employment.

Discipline is determined by supervisors and Department Heads and may include a progressive discipline process. The progressive discipline process includes steps such as verbal warning, written reprimand, suspension from duty, and separation by involuntary dismissal. Discipline, however, does not have to be progressive and some actions may result in immediate suspension or dismissal.

Since employees of the City are employed “at-will,” dismissal can take place at any time and for any reason, with or without notice. Because the circumstances vary widely in similar situations, the City retains the right to treat each violation in the Code of Conduct (policy 10.02) on an individual basis without creating a binding precedent for other cases arising in the future. Examples that are given in any rule do not limit the generality of the rule.

In the event of dismissal, the employee will be provided with such notice and rights as required by law.

This handbook and the personnel policies referenced do not constitute or imply a contract, agreement, promise or guarantee of employment or continued employment. The City reserves the right to change these policies at any time and without prior notice to employees.

Additional Aquatic Center Employee Code of Conduct Policies

Behavior: As a City of Merriam employee you will be expected to conduct yourself in a professional manner. The entire staff is being judged by your actions. Set an example for the public by abiding by the same rules which you enforce upon the public. Do not tolerate horseplay from patrons, and do not be guilty of it yourself.

Appearance: While on duty, all aquatic center personnel must be in proper uniform. This includes suit, T-shirts, shorts, or hat, which have been issued to you and are applicable for your duties. There will be no exceptions. If you present yourself in a professional manner, patrons will be able to identify you as a staff member, and will treat you with more respect.

Customer Service: Our citizens have certain expectations when they purchase a membership or pay to enter our aquatic center. They expect a clean, safe, attractive environment in which to relax, exercise, and play. They also expect to be treated courteously and to have their concerns and ideas recognized.

Please make a special effort to make every citizens' visit a positive one. You can do this by saying hello when they arrive, thanking them for coming as they leave and approaching them in a positive manner if you need to correct their behavior. If they bring a maintenance item to your attention, please do what you can to solve the problem, or bring it to a manager's attention.

Teaching of Private Swim Lessons: Private swim lessons will be offered by the city and conducted by Merriam Aquatic Center instructors as scheduled. Employees are not permitted to teach other private lessons at Merriam Aquatic Center.

Vacations

No provision is made for aquatic center employees to take vacations. Emergencies, absences and extenuating circumstances will be dealt with by the Aquatic Center Manager and the person involved.

Absences

It will be the responsibility of the individual requesting a substitute to make the arrangements. You may substitute for each other on your days off or obtain a substitute from the approved substitute list. A "sub" book will be kept in the manager's office. When using a substitute, please write in the "sub" book who is working for whom, the time, and the position. Example: Jack for Jill, 12:00pm-8:30pm, Lifeguard. Both the person requesting the sub and the substitute must initial this. **It will be your responsibility to see that your position is covered.**

Employee Guest Policy

There are no special provisions for free admission to friends or relatives of Aquatic Center employees. Employees and family members residing in the same household are eligible to receive a discounted season pass to the facility at \$5/person/pass. The employee must be present with family when completing the transaction. All season passes are sold at the Irene B French Community Center during posted hours.

Concessions Benefits

Food and beverages at the concession stand are available for purchase at a discounted rate.

Responsibilities

ALL SCHEDULES ARE POSTED ON BULLETIN BOARDS IN BASKETROOM, IN THE OFFICE AND ARE AVAILABLE THROUGH ATTENDANCE ON DEMAND AND WHEN TO WORK

ATTENDANCE ON DEMAND LINK <https://cityofmerriam.attendanceondemand.com/ess/>

WHEN TO WORK- a link will be created once information is received for scheduling through the availability sheets. A unique login link will be created and sent to email of record for each employee to create a username / password that links to the schedule.

1. Each employee is assigned by position of the master schedule.
2. Each guard's schedule is designated by the time they start and position in which they start.
3. Each employee is to be in position ready to work five minutes before the designated starting time. The patrons expect us to open according to schedule. This can only be accomplished when you are ready for their entrance.

Breaks:

During your break, do not engage other staff members on duty in conversation or otherwise distract them from their responsibilities.

The following areas are off limits to aquatic center personnel:

1. Inside concession area (at all times, except for those working in that area).
2. Basket Room (Except when assigned to that area).

Federal law does not require that employees be given any particular rest breaks or breaks of any particular duration. However, Aquatic Center policy will be to provide up to a 30-minute break for employees who work 8 hours per day or longer. Breaks will be built into the daily work schedule and will normally be 30 minutes, but may be shortened at the discretion of the manager on duty. Employee breaks will be paid unless the employee elects to leave the premises per manager's direction. Employees who wish to leave the premises must receive permission from the manager, and must sign out on their timesheet. On premises breaks are to be taken in a designated area.

Schedules:

Guards rotate every half hour. The rotation for the day will be announced at the 11:45 meeting.

Time Sheets:

Employees will be required to punch in and out using the time clock installed in the basket room. Orientation on the use of the time clock will be completed during the pre-season meeting. It is the employee's responsibility to punch in and out. Remember that your hours will be computed from the time sheet generated from the time clock. If you fail to sign in or out, you must contact the Aquatic Center Manager at your first opportunity. Do not wait more than one day. Since the time clock requires a hand print / verification code for punching, employees CAN NOT sign in or out for another employee.

Paychecks:

The City of Merriam encourages employees to enroll in direct deposit and no longer provides paystubs. To access pay records detailed information on establishing a log-in will be provided during orientation. The website to access and verify payroll information is:

<https://www.payentry.com/ee/auth/Login.asp?level=employee&dsn=M086&sbid=1&co=A523>

LIFEGUARD (Additional Duties/Information)

Responsibilities: By strict, courteous enforcement of the rules outlined in section IV of this handbook, we will have a safe place for citizens to swim. Regardless of the wisdom of our rules and efficiency of our enforcement, we will be faced with the possibility of accidents. Your duties then are three-fold: (1) strict, courteous enforcement of rules; (2) efficient handling of emergencies; and (3) projections of your public image as a professional.

Enforcement: 99% of our patrons will respond to your directions immediately, and without question, if you issue your directions in a firm, tactful, courteous manner. If you have dealt with a patron in the above manner and have not received their cooperation, the aquatic center management will stand behind you 100%; call us to handle unreasonable people. Remember, that people expect consistent enforcement.

Emergencies: It is assumed that guard chairs will be occupied during operating hours unless guards are relieved by the manager or the assistant manager, or if a change of the guard is taking place. If you find it an emergency to leave your chair without having time to call the office push the button on the alarm under the chair.

When the button is pushed, an alarm is activated. The roving guard, manager or the assistant manager, and all available employees proceed to the empty chair with the first aid kit and deal appropriately with the problem.

Public Image: Our patrons will be more receptive to your direction if they respect you. They expect to see an alert individual guarding them. Be sure that you are projecting that image by:

1. Sitting upright in your chair, rescue tube in place.
2. Keeping both feet on the floor of the chair.
3. Observing your area of the deck, aquatic center surface, and bottom.
4. Conversing only on business matters. Call the rover or aquatic center manager if a detailed explanation is needed or anything keeps you from observing your area.
5. Maintain an effective coverage during the guard change. **Watch the water.**
6. When speaking to a person from the chair, locate the individual toward the front of your chair, not at the side. Keep your eyes on the water.
7. Do not watch any area too long. Scan your entire area - deck and aquatic center. (See scan diagram at end of this section)
8. Be tactful.
9. Your personal opinions of aquatic center and/or city operations shall be confidential, the patron is not interested in your opinion, and it is improper for you as employee, to voice your opinion.
10. **USE COMMON SENSE!**

Inclement Weather and Slow Days: If inclement weather delays the normal opening time, an attempt will be made to open at 3:00pm for the remainder of the day. Staff scheduled to open should call in by 11:30am and check the message on the answering machine for information related to delay opening.

Job assignments on slow days will be made by the manager according to the job priorities. All employees are expected to accept and perform these assignments in an attitude of cooperation. Remember...it gets done faster if we all work together.

50-Meter Aquatic center Coverage: See diagram posted in Aquatic Center Manager's Office.

A 10-minute safety check will occur at the beginning of each hour. All persons under age 18 must exit the pool. Admittance to the zero-depth pool will be restricted to children age 8 & under if accompanied by an adult during safety checks.

A. Rescues:

The manager or assistant manager is present whenever the public is using one or more of the pools. If a guard leaves his/her chair to respond to an emergency, he/she first presses a button underneath their chair which sounds a loud bell. The manager, head guard, and all guards that are not in their chairs or on break, proceed immediately to the location of the emergency. All other personnel are asked to observe from a distance whether or not help is needed. The manager will direct whatever assistance is needed.

If the injury or illness is severe, the head guard or another lifeguard is sent to the office to call Med Act (911)

Aquatic center Personnel will attempt to notify the victim's family before Med Act arrives. The head guard will accompany the victim to the hospital if an adult member of the family is not present by the time Med Act leaves.

The aquatic center manager completes an emergency report form to be filed at the aquatic center office, and sends a copy to the Director of Parks and Recreation. All written reports must be filed within 24 hours.

B. Crisis:

1. Weather

- a. In case of an emergency or threatening weather, any aquatic center patron that is still in the aquatic center will be directed to the filter room to remain until an all clear signal has been sounded or the aquatic center manager or his assistant has deemed it safe to return. An attempt will be made to contact the parents of any child that is still at the aquatic center.

2. Gunfire

- a. In the event of gunfire, the aquatic center manager will direct what action is to take place. We need to direct our patrons and aquatic center employees to the safest area of the complex.

AQUATIC CENTER ACCIDENTS (EMPLOYEE OR PATRON)

VII. AQUATIC CENTER EMPLOYEE ACCIDENTS

When any employee of the City of Merriam is injured while on duty the following procedures will be followed:

CALL OR NOTIFY YOUR SUPERVISOR IMMEDIATELY!

Documentation: In all cases, a Personal Injury/Accident/Incident Investigation Report will be filled out by:

- The injured employee
- The on-duty supervisor
- Any employee that witnesses the accident

This form is available in the manager's office.

The completed forms are then forwarded immediately for review and signatures. Accident investigation Reports must be detailed and complete as possible.

Serious Injury or Medical Emergency – CALL 911

Emergency Treatment: Employees that require immediate emergency treatment will go directly to Shawnee Mission Medical Center Emergency Room. They will be transported by another employee, an ambulance, or as most appropriate depending on the situation.

Minor Injury: First aid should be provided on site by manager on duty.

For non-emergency, medical treatment or a Post-Accident Drug Screening a treatment authorization form must be filled out by Human Resources if accident occurs during normal business hours at City Hall (M-F 8:00am-4:30pm). The "on duty" pool manager can authorize treatment after normal city hall business hours.

Transportation to the treatment facility may need to be provided by another employee or supervisor depending upon the accident. A copy of the "On the Job Injury/Accident Procedure is found at the end of the section.

SAFETY MSDA HAZARDOUS MATERIALS

EMPLOYEE HAZARD COMMUNICATION TRAINING RECORD

The City of Merriam wants your work experience to be health and safe. To help you work to keep everyone in our facility safe, there are some things we want you to know about hazardous materials before you begin your assignment.

- All chemicals used by the City of Merriam have been evaluated to determine whether or not any hazardous materials are present.
- A written program regarding all hazardous materials present in your work place, including Material Safety Data Sheets (MSDS') for each hazardous material, is available in your work area for you to read should you wish to do so. New MSDS will be provided when different hazardous materials are introduced in your department.
- The City of Merriam has labeling system for all hazardous materials in your work area. You should be aware of these labels and handle all labeled materials in an appropriate manner.

You should understand the following definitions:

Hazardous Materials- are any materials which have characteristics or properties which can make them potentially hazardous when used and/or stored incorrectly.

Material Safety Data Sheets (MSDS')- are information sheets which lists the properties/characteristics of a substance, any potential safety or health hazards, methods for the detection of these substances and precautions for their use.

Safety Labels- are labels which the City of Merriam has attached to each hazardous material to warn you of its presence and any possible hazards associated with that material.

The hazardous materials in your area are detailed on the following page and updated in the Manager's copy throughout the season.

_____ has discussed the City of Merriam's procedure for hazardous materials communications with me. I am aware of the location of the written Hazardous Communication Program and MSDS' in my work area.
