OCT. 2 – NOV. 1
MAPS ARTISTS

OPENING RECEPTION

Thursday, October 2, 2025
7-8:30 p.m.

The purpose of the MidAmerica Pastel Society (MAPS) is to bring together practicing pastel artists as a group to network, to educate and promote community interest and support for the medium of pastel in the visual arts; to support these pastel artists in their artistic development, to organize or provide exhibits as a group both locally and nationally; to provide teaching workshops for further development of artists using pastel and to make a contribution to the community through the development of student artists in the pastel medium.

"2022 Adventures in Pastel" is the MidAmerica Pastel Society's second international juried exhibition.

Entries from around the world were juried by Eminent Pastelist, Aline Ordman, into this collection of 77 vibrant pieces which include a variety of styles and subject matter. These works showcase the inherent luminosity and versatility of pastel as a fine art medium.

A special thanks to award sponsors:
