Synopsis

April 3: Priscilla When teenage Priscilla Beaulieu meets Elvis Presley at a party, the man who is already a meteoric rock 'n' roll superstar becomes someone entirely unexpected in private moments: a thrilling crush, an ally in loneliness and a vulnerable best friend.

April 10: Wonka Armed with nothing but a hatful of dreams, young chocolatier Willy Wonka manages to change the world, one delectable bite at a time.

April 17: Timeline While working at the site of an archaeological dig, Professor Johnston (Billy Connolly) stumbles into a wormhole and plunges back in time to 14th-century France. Mad scientist Robert Doniger (David Thewlis), who accidentally created the wormhole while developing a teleportation device, sends the professor's son, Chris (Paul Walker), and protégé Kate (Frances O'Connor) back in time to retrieve him. Unfortunately, their rescue mission is sidetracked by a bloody battle between France and England.

April 24: Lawless In 1931, the Bondurant brothers of Franklin County, Va., run a multipurpose backwoods establishment that hides their true business, bootlegging. Middle brother Forrest (Tom Hardy) is the brain of the operation; older Howard (Jason Clarke) is the brawn, and younger Jack (Shia LaBeouf), the lookout. Though the local police have taken bribes and left the brothers alone, a violent war erupts when a sadistic lawman (Guy Pearce) from Chicago arrives and tries to shut down the Bondurants operation.
