Synopsis

July 1: Green and Gold- A fourth-generation dairy farmer on the brink of losing his farm to the bank wagers everything on a bet with his beloved Green Bay Packers while his granddaughter pursues music to save what they've worked for their whole lives.

July 8: Battleship- an international naval fleet—led by a young, rebellious U.S. Navy Lieutenant—that gets trapped inside an impenetrable force field off the coast of Hawaii and must fight to save Earth from a hostile alien invasion.

July 15: Larry Crowne- a cheerful, middle-aged Navy veteran who, despite exemplary work, is fired from his retail job because he lacks a college degree. Facing foreclosure, he decides to reinvent himself by enrolling in a local community college. There, he finds romance, friendship, and a vibrant new path in life.

July 22: Hardball- Conor O'Neill (Keanu Reeves), a compulsive gambler drowning in debt who reluctantly takes a job coaching a Little League team from the Cabrini Green housing projects in Chicago. Though he originally took the job for the paycheck to pay off loan sharks, Conor bonds with the kids and ultimately leads them to the championship, completely turning his life around

July 29: Superman- When Superman gets drawn into conflicts at home and abroad, his actions are questioned, giving tech billionaire Lex Luthor the opportunity to get the Man of Steel out of the way for good. Will intrepid reporter Lois Lane and Superman's four-legged companion, Krypto, be able to help him before it's too late?
