

## Motoring Memories

### Winner 2021

My car, Ole Red, is a 1937 Ford two door Humpback Sedan Deluxe. It was purchased new in 1937 by my Grandad, O.D. Griffing, from Council Grove, KS. He paid \$750 for it and in 1947 he borrowed \$700 against it to open his own combination barber shop and shoe repair shop in Council Grove. In 1960 he gave the car to me to drive it to high school my Junior and Senior years' to Council Grove Rural High School in Council Grove, KS. I lived six miles out in the country in the Flint Hills of Kansas. After two years and many miles over the flint rock roads, my car was not in very good condition. I always kept the car hoping that if I lived long enough and had enough money, I could someday be able to make it into my dream car. After five years of work and thanks to Tallant's Hot Rod Shop and Don Kite Interiors, my dream car was completed in 2019. We hit the road and have enjoyed my new driving pleasure and car shows, I am sure my Grandad would really be happy with the looks of it now.
